

Yorel Integrated Solutions, Inc.

There's integrity
inside the circle.

YOREL INTEGRATED SOLUTIONS, INC.

Do You Have Questions About Maximizing Your Full IT Potential?

- ⇒ *How can I eliminate re-keying information in my business, at the same time automate my business processes and be more responsive to my customers?*
- ⇒ *How do I quickly modernize my applications and make them ready for the web?*

ANSWER: Application Modernization through WebSphere

- ⇒ *How can I have streamlined online access to business records that makes searching through paper files or microfiche a thing of the past?*
- ⇒ *Is there a document management tool available that has quick and flexible implementation that will integrate with our current business applications?*

ANSWER: DB2 Content Manager OnDemand

- ⇒ *How can I help minimize the probability of data loss and help maximize the productivity of our business resources?*

ANSWER: Tivoli Storage Manager: Reduce your backup window by 50%, Reduce your daily storage management time by 75% and Reduce downtime by 25-55%

**Yorel has the answers.
