

Yorel's Enterprise Security Solutions

PROTECT YOUR BUSINESS BEFORE THREATS ATTACK

Yorel Integrated Solutions, Inc. provides a **Protection On-Demand** solution that **Stop Threats** before they impact your business. Partnering with IBM Internet Security Systems X-Force, we offer **products** that secure your IT infrastructure, ensure business continuity, enable cost-effective processes, support compliance and risk management requirements and **services** that help you design, implement and maintain a sound security strategy.

Advantages:

- Provides a sound and proven security strategy.
- Provides Preemptive Protection – stopping threats **before** they impact your business.
- Provides end-to-end protection coverage of the enterprise including: networks, servers, desktops and remote locations.

Process:

- Internet Security Systems excellence of prevention and detection is backed by the world-renowned X-Force.
- X-Force identifies, assesses and tracks the evolution of threats using the latest equipment and lab facilities including ISSX Global Threat Operations Center where the severity of Internet threats and vulnerabilities are monitored **24 hours a day**.

Benefits:

- Quick and Cost-effectively implement a customized Protection On-Demand Solution.
- Instantly comply with regulatory guidance.
- Provide Users and the Enterprise with High Caliber Security:
 - Managed Security Services
 - Intrusion Prevention & Detection
 - Vulnerability Detection Assessment & Management
