Yorel Integrated Solutions, Inc. Acquires Systems Integration Group

Expands Solution Delivery Capability; Strengthens IT Optimization Continuum

Charlotte, NC – (October 20, 2006) – Yorel Integrated Solutions, Inc. (www.yorel.com) an IBM Premier Business Partner and one of the largest technology solution providers headquartered in the Carolinas, has acquired Systems Integration Group (SIG – www.sig-us.com), a Citrix Gold Partner and premier Citrix integration firm. The acquisition of Systems Integration Group provides proven experience, resources and depth to the Network & Server Infrastructure Solutions practice of Yorel’s IT Optimization Continuum.

A best of breed Citrix consulting firm, Systems Integration Group focuses exclusively on Citrix and Terminal Services design, implementation and support. Their consulting staff has over 39 years of technical experience and consistently produces innovative, high-performance application server software solutions that meet the needs of all types of customers in many different industries. SIG also boasts an extremely high customer satisfaction and retention rating which is a paramount goal and consistently proven attribute of Yorel Integrated Solutions.

“At Yorel, we take our knowledge of information systems and technology and combine that with our customers’ knowledge about their individual businesses to give them a competitive advantage. We have been in the business of providing solutions to our customers for over 13 and ½ years. Our management team is committed to building a value proposition for our customers based on delivering total solutions through our IT Optimization Continuum framework. We will continue to differentiate ourselves from our competitors through the solutions and value that we deliver. The acquisition of Systems Integration Group further enables us to deliver on our commitment” said Leroy Hill, Jr., Yorel’s president and CEO.
