Join us for a brand-new event!

Yorel360

An Optimization Event

Yorel Integrated Solutions would like to cordially invite you to attend this year's first annual Yorel360 event—an exciting, educational forum focused on the complete, 360-degree view of IT Optimization. Yorel will focus specifically on demonstrating how your company can do more with less, as well as showcase real technology solutions for a first-hand (see, touch, feel) experience during the event.

Pre-register today and learn how we can help your company save time and money—**given the chance, we'll prove it!**

Session Topics

- 1:30 p.m. **Cost-effective DR—and it really works**
- 2:00 p.m. **Balancing Space, Power & Cooling: Data Center Optimization Savings**
